Index to Volume X

Page numbers preceded by '(P)' refer to the summaries of papers at the Meetings of the British Society of Gastroenterology and other Societies; '(C)' refers to 'Comments'.

Abdomen, upper, cystic lesions of, ultrasonic diagnosis of, 904
Abdominal pain, mechanism of, 19
ABO blood groups and age, influence in precipitation of bleeding peptic ulcers, 1029
Abscess of liver, pyogenic, 389
Acetylcholine, response of internal anal sphincter to, 674
Acetylsalicylic acid absorption from stomach, relation to *p*H, 77
Achalasia, oesophageal motor disorders simulating, 234
— of cardia, vagal impairment in (P), 1045
Achlorhydria, spontaneous, with atrophic gastritis in Zollinger-Ellison syndrome, 935
Acinar cells of pancreas, effect of trypsin inhibitors and evidence for trophic stimulant of, in rat, 973
Actinomycin D, effect on development of intestinal disaccharidases in rats treated with cortisone (P), 951
Adenosine-3', 5'-monophosphate, cyclic, role in gastrointestinal secretion, 957
Adrenal and clinical responses to corticotrophin and prednisone in inflammatory disease of colon, 194
Adrenergic innervation of rat intestinal smooth muscle (P), 1046
Adrenocorticotrophic hormone in Crohn's disease (P), 1054
Africa, Central, oesophageal cancer and alcoholic spirits in, 643
AGARWAL, K. L. *See* GREGORY, R. A., TRACY, H. J., AGARWAL, K. L., and GROSSMAN, M. I.
Age and ABO blood groups, influence in precipitation of bleeding peptic ulcers, 1029.
AGNEW, J. E., KEHAYOGLOU, A. K., and HOLDSWORTH, C. D.: Comparison of three isotopic methods for the study of calcium absorption, 590
—. *See also* MCCARTHY, D. M., KREEL, L., AGNEW, J. E., and BOUCHIER, I. A. D.
AIRTH, G. R. *See* GILLISON, E. W., CAPPER, W. M., AIRTH, G. R., GIBSON, M. J., and BRADFORD, I.
AJDUKIEWICZ, A. BRZECHWA-. *See* BRZECHWA-AJDUKIEWICZ, A.
Alcohol dehydrogenase, induction in rat liver and gastrointestinal tract by ethanol (P), 953
Alcoholic liver disease, acute, alcohol degradation and bromsulphthalein metabolism in, 241
— — —, clinico-pathological correlations in (P), 80
— spirits and oesophageal cancer in Central Africa, 643
Aldosterone, effect on gastric secretion, 143
ALEXANDER, W. D. *See* HARDEN, R. M., ALEXANDER, W. D., SHIMMINS, J., and CHISHOLM, D.
Alimentary chelates, endogenous, demonstration of copper-complex formation by (P), 79
— tract, mycoses of, 1035
Alkaline phosphatase in duodenal juice, effect of secretin and pancreozymin (P), 1049
— —, serum, differential thermostability, urea inhibition and gel filtration of, diagnostic value of, 45
— —, —, in adult coeliac disease (P), 951
— —, — levels, in adult coeliac disease with and without osteomalacia, 655
— — values in obstructive jaundice in goats, 623
Allergy and origin of ulcerative colitis, 271
ALMY, T. P.: Conference on the Integration of Gastric Functions, 1041
ALP, M. H., and HISLOP, I. G.: *Giardia lamblia* infestation: a report of five adult cases (P), 952
Alpha chain disease presenting as malabsorption syndrome (P), 413
Aminoacid constitution of two gastrins isolated from Zollinger-Ellison tumour tissue, 603
Amyloid deposition in gastrointestinal tract, 98
Anaemia and hypoproteinaemia, relation to functional and structural changes in small bowel in hookworm disease, 360
—, iron-deficiency, and diffuse hypertrophy of gastric mucosa, 735
—, pernicious, colonic motor response to meals in (P), 415
—, —, gastrointestinal blood loss in, effect of aspirin (P), 950
—, —, immunoglobulin-secreting cells in gastric mucosa in (P), 78
Anal canal, measurement of forces in, 160
ANDERSON, J. G. D. *See* GOLDSTEIN, M. J., NASR, K., SINGER, H. C., ANDERSON, J. G. D., and KIRSNER, J. B.
—. *See* NASR, K., MOROWITZ, D. A., ANDERSON, J. G. D., and KIRSNER, J. B.
Antacids and food, duodenal bulb *p*H after, continuous recording of, 215
ANTIA, F. P. *See* DESAI, H. G., and ANTIA, F. P.
Antibodies to human parietal cells, effect on hydrochloric acid secretion in rats, 39
Anticholinergic drugs, duodenal ulcer treated for one year with, gastric acid secretion in, 774
ANTON, H. C.: Radiological signs of ulcerative colitis (C), 74
Antrum, stimulation of, gastric secretion after, effect of vagotomy (C), 166
Appendices epiploicae, hypertrophy of, and lipomatous polyposis of colon, 587
ARDRAN, G. M. *See* RITCHIE, J. A., ARDRAN, G. M., and TRUELOVE, S. C.
ARIES, V., CROWTHER, J. S., DRASAR, B. S., and HILL, M. J.: Degradation of bile salts by human intestinal bacteria, 575
—, —, —, —, and WILLIAMS, R. E. O.: Bacteria and the aetiology of cancer of the large bowel, 334
ARTHUR, J. F. *See* MARSTON, A., MARCUSON, R. W., CHAPMAN, M., and ARTHUR, J. F.
Ascites, detection by ultrasound, 904
ASHURST, P. M. *See* JONES, J. V., HOUSLEY, J., ASHURST, P. M., and HAWKINS, C. F.
Asians, lactose intolerance in (P), 78
Aspiration, gastric, 598
Aspirin abuse, relation to gastrointestinal haemorrhage and gastric ulcer (P), 77
—, effect on gastrointestinal blood loss in pernicious anaemia (P), 950
— ingestion, association with uncomplicated peptic ulcer, 443
Australia antigen and smooth muscle antibody in acute and chronic hepatitis (P), 1052
Autoimmunity and origin of ulcerative colitis, 273
AXON, A. T. *See* LOEHRY, C. A., HILTON, P. J., AXON, A. T., and CREAMER, B.
AYLWARD, M. *See* HARDCASTLE, J. D., and AYLWARD, M.

Bacteria and bile salt metabolism in small bowel, 963
—, faecal, in ulcerative colitis during salicylazosulphapyridine treatment, 565
— *in vitro*, production of indole by (P), 1056
—, intestinal, degradation of bile salts by, 575
— of ileal effluent and bile salt metabolism in ileostomy patients (P), 1049
— — small intestine, effect of vagotomy and drainage (P), 1047
— — — — in gastrointestinal disorders, 812
BADDELEY, R. M., EVANS, J., and GRIFFIN, J. A.: Influence of hyperaldosteronism upon gastric secretion, 143
BALDERSON, G. *See* BATTERSBY, C., WINCH, J., BALDERSON, G., and BURNETT, W.
BALNAVE, R., and BAUME, P. E.: Acid secretion by the everted rat stomach (P), 77
BANK, S., MARKS, I. N., LOUW, J. H., and BROM, B.: Nine cases of gastric ulcer after vagotomy and drainage for duodenal ulcer, 460
BANKE, L. *See* STAGE, P., and BANKE, L.
BANKS, M. *See* WINCH, J., BURNETT, W., BANKS, M., and CRANITCH, B.
BANWELL, J. G., and GORBACH, S. L.: Tropical sprue, 328
BARD, J. B. L. *See* STEVEN, F. S., JACKSON, D. S., SCHOFIELD, J. D., and BARD, J. B. L.
BARON, J. H.: Lean body mass, gastric acid, and peptic ulcer, 637
—, GUTIERREZ, L. V., SPENCER, J., TINKER, J., and WELSOURN, R. B.: The insulin test in the unoperated subject (P), 1046
BARROWMAN, J., and DARNTON, S. J.: Histochemical demonstration of the gastric lipase of the rat (P), 1045
BARRY, M., CARTEI, G., and SHERLOCK, S.: Differential ferrioxamine test in haemochromatosis and liver diseases, 697
BASS, P. *See* WEISBRODT, N. W., WILEY, J. N., OVERHOLT, B. F., and BASS, P.
BATTERSBY, C., WINCH, J., BALDERSON, G., and BURNETT, W.: Extracorporeal liver perfusion and hepatic assist in the bovine calf (P), 954
—, —, and BURNETT, W.: Pancreatitis associated with hyperparathyroidism (P), 953
BAUME, P. E. *See* BALNAVE, R., and BAUME, P. E.
Bean meals and silicone, effect on intestinal hydrogen and methane production, 180
BECK, I. T., and HERNANDEZ, N. A.: Transmural potential difference in patients with hiatus hernia and oesophageal ulcer, 469
BECK, P. *See* KAYE, M. D., BECK, P., RHODES, J., and SWEETNAM, P. M.
BEER, T. S. LOW-. *See* LOW-BEER, T. S.
BEIGHTON, P. H., MURDOCH, J. L., and VOTTELLE, T.: Gastrointestinal complications of the Ehlers-Danlos syndrome, 1004
BEITZ, U. *See* VOLKHEIMER, G., SCHULZ, F. H., LINDENAU, A., and BEITZ, U.
BELZER, F. O. *See* CONOLLY, W. B., BELZER, F. O., and DUNPHY, J. E.
BENDIXEN, G.: Cellular hypersensitivity to components of intestinal mucosa in ulcerative colitis and Crohn's disease, 631
BERG, M.: Influence of age and ABO blood groups in the precipitation of bleeding peptic ulcers, 1029

BERNIER, J. J., RAMBAUD, J. C., CATTAN, D., and PROST, A.: Diarrhoea associated with medullary carcinoma of the thyroid, 980
—, SELIGMANN, M., WORMS, R., FERRIER, J. P., and RAMBAUD, J. C.: A new case of alpha chain disease, presenting as a malabsorption syndrome (P), 413
—. *See also* MODIGLIANI, R., and BERNIER, J. J.
BESWICK, F. B. *See* BRAGANZA, J., BESWICK, F. B., HOWAT, H. T., MORRIS, A. I., and MORLEY, J. M.
BHATHAL, P. S., and CHRISTIE, G. S.: Intravital fluorescence microscopy study of bile ductule proliferation in guinea pigs (P), 955
—, and POWELL, L. W.: Primary intrahepatic obliterating cholangitis: a possible variant of 'sclerosing cholangitis', 886
—. *See also* POWELL, L. W., and BHATHAL, P. S.
Bicarbonate absorption in jejunum (P), 415
— in pancreatic juice, source of (P), 1051
BIEBERDORF, F. A. *See* TURNBERG, L. A., BIEBERDORF, F. A., and FORDTRAN, J. S.
Bile duct carcinoma in husband and wife, 94
— ductile proliferation, fluorescence microscopy study in guinea pigs (P), 955
— in stomach, implications of, 864
— output in isolated perfused porcine liver, effect of gastroduodenal hormones (P), 79
—, role in absorption of endogenous and exogenous radiocopper (P), 956
— salts, degradation by intestinal bacteria, 575
— —, enterohepatic circulation of, effect of one meal on (P), 1050
— —, metabolism, and bacteria in small bowel, 963
— —, — bacterial content of ileal effluent, in ileostomy patients (P), 1049
— —, secretion and pool size in rhesus monkeys with controlled interruption of enterohepatic circulation (P), 1050
— —, utilization and containment by enterohepatic circulation, 857
—, white, in biliary tree proximal to obstruction, clinical significance of, 530
Biliary, caeruloplasmin and ionic radiocopper absorption in neonatal rats (P), 955
— dynamics, effect of gastrectomy, 91
— tree, white bile proximal to obstruction in, clinical significance of, 530
Bilirubin, conversion of haematin to, in foetal sheep (P), 1046
— metabolism, 250
— values in obstructive jaundice in goats, 623
BILLING, B. H., and BLACK, M.: Bilirubin metabolism, 250
Billroth II resection for peptic ulcer, intestinal disaccharidase activity after, 451
BIRCHALL, A. *See* COOKE, A. R., and BIRCHALL, A.
—. *See* MISTILIS, S. P., and BIRCHALL, A.
BLACK, M. *See* BILLING, B. H., and BLACK, M.
BLECHER, T. E., BRZECHWA-AJDUKIEWICZ, A., MCCARTHY, C. F., and READ, A. E.: Serum immunoglobulins and lymphocyte transformation studies in coeliac disease, 57
BLENDIS, L. M., KREEL, L., and WILLIAMS, R.: The coeliac axis and its branches in splenomegaly and liver disease, 85
—, WILLIAMS, R., and KREEL, L.: Radiological determination of spleen size, 433
—. *See also* EDDLESTON, A. L. W. F., BLENDIS, L. M., OSBORN, S. B., and WILLIAMS, R.
—. *See also* MURRAY-LYON, I. M., DAWSON, J. L., RAKE, M. O., BLENDIS, L. M., LAWS, J. W., and WILLIAMS, R.
Blood and iron loss in colitis, estimation with whole-body counter, 769
— flow and metabolism, cerebral, in hepatic cirrhosis before and after portacaval shunt operation, 894
— —, gastric mucosal, in non-secreting Heidenhain pouches, effect of secretory inhibitors (P), 1053
— —, splenic, in cirrhosis before and after portacaval anastomosis (P), 416
— groups, relation to duodenal ulcer in Udaipur region of India (C), 75
— loss, gastrointestinal, in pernicious anaemia, effect of aspirin (P), 950
—, peripheral, release of gastric fibrinolytic activity into, evidence for, 404
BLUESTONE, R., MACMAHON, M., and DAWSON, J. M.: Systemic sclerosis and small bowel involvement, 185
Body weight and lean body mass, relation to gastric acid output, and peptic ulcer, 637
BOHRER, S. P. *See* LEWIS, E. A., and BOHRER, S. P.
BOLIN, T. D. *See* DAVIS, A. E., and BOLIN, T. D.
Book notices, 76, 166, 247, 325, 416, 503, 602, 696, 767, 962, 1042
BOUCHIER, I. A. D.: Postmortem study of the frequency of gallstones in patients with cirrhosis of the liver, 705
—. *See also* MCCARTHY, D. M., KREEL, L., AGNEW, J. E., and BOUCHIER, I. A. D.
—. *See also* MELMED, R. N., and BOUCHIER, I. A. D.
BOUGHTON, C. R. *See* ELMSLIE, R. G., THORPE, M. E. C., COLMAN, J. V. L., BOUGHTON, C. R., PRITCHARD, G. R., and HOY, R. J.
BOWDLER, J. D. *See* WALKER-SMITH, J. A., and BOWDLER, J. D.
Bowel habit, effect of vagotomy and drainage (P), 1047
BRADFORD, I. *See* GILLISON, E. W., CAPPER, W. M., AIRTH, G. R., GIBSON, M. J., and BRADFORD, I.
BRAGANZA, J., BESWICK, F. B., HOWAT, H. T., MORRIS, A. I., and MORLEY, J. M.: A comparison of the effects of caerulein and certain peptide analogues of caerulein on cats (P), 1048
British Society of Gastroenterology, 247, 325
— — — —: Spring Meeting, 413
— — — —: 30th Annual Meeting, 1044
BROM, B. *See* BANK, S., MARKS, I. N., LOUW, J. H., and BROM, B.
Bromide, iodide and pertechnetate, comparison between gastric and salivary concentrations, 928
Bromsulphthalein metabolism and alcohol degradation in acute alcoholic liver disease, 241
— — in liver, abnormality in porphyria cutanea tarda symptomatica (P), 954
—, uptake and excretion by isolated pig liver (P), 79
BROWN, B. H. *See* COLLINS, C. D., BROWN, B. H., WHITTAKER, G. E., and DUTHIE, H. L.
BROWN, P. *See* MCCARTHY, D. M., and BROWN, P.
BROWNING, G. G., MACKAY, C., and BUCHAN, K. A.: The effect of vagotomy and drainage on bowel habit and small bowel flora in the immediate postoperative period (P), 1047
BRUCE, SIR J. *See* SMALL, W. P., CAY, E. L., DUGARD, P., SIRCUS, W., FALCONER, C. W. A., SMITH, A. N., MCMANUS, J. P. A., and BRUCE, SIR J.

Three-dimensional structure of the human small intestinal mucosa in health and disease C. A. LOEHRY and B. CREAMER ... 6
Cell turnover in the rat small intestinal mucosa: An appraisal of cell loss C. A. LOEHRY, D. N. CROFT, A. K. SINGH, and B. CREAMER
Part I Cell loss in rats with a normal mucosa ... 13
Part II Cell loss in rats with an abnormal mucosa ... 16
Observations on the mechanism of abdominal pain D. J. HOLDSTOCK, J. J. MISIEWICZ, and SHEILA L. WALLER ... 19
Persorption of metallic iron particles G. VOLKHEIMER, F. H. SCHULTZ, A. LINDENAU, and U. BEITZ ... 32
Continuous intravenous pentagastrin as a stimulant of maximal gastric acid secretion M. C. MASON, G. R. GILES, and C. G. CLARK ... 34
Short-term study of the effect of human parietal cell antibody on the secretion of hydrochloric acid in rats RENE FIASSE, IRENA BRUS, CHARLES F. CODE, and GEORGE B. JERZY GLASS ... 39
Value of differential thermostability, urea inhibition, and gel filtration of alkaline phosphatase in the identification of disease states JAMES J. FENNELLY, MUIRIS X. FITZGERALD, and KEVIN MCGEENEY ... 45
Development of delayed hypersensitivity to dinitrochlorobenzene in patients with Crohn's disease J. VERRIER JONES, J. HOUSLEY, P. M. ASHURST, and C. F. HAWKINS ... 52
Serum immunoglobulins and lymphocyte transformation studies in coeliac disease T. E. BLECHER, A. BRZECHWA-AJDUKIEWICZ, C. F. MCCARTHY, and A. E. READ ... 57
Water and sodium absorption by the intestine in cholera A. H. G. LOVE ... 63
Importance of the size of the stoma in choledochoduodenostomy A. G. JOHNSON and A. E. STEVENS ... 68
Reduction of gastric acid secretion on a low-salt diet and furosemide M. L. KOTHARI, J. C. DOSHI, H. G. DESAI, A. B. VAIDYA, U. K. SHETH, and J. M. MEHTA ... 71
Comment ... 74
Notes and activities ... 76
The Gastroenterological Society of Australia ... 77

No. 2 FEBRUARY 1969

Signposts ... 81
Cholera—a clue to 'functional diarrhoea'? G. E. SLADEN and A. M. DAWSON ... 82
The coeliac axis and its branches in splenomegaly and liver disease LAURENCE BLENDIS, LOUIS KREEL, and ROGER WILLIAMS ... 85
Effect of gastrectomy on biliary dynamics A. P. WYATT ... 91
Carcinoma of bile ducts in husband and wife C. F. MCCARTHY and H. J. ESPINER ... 94
Deposition of amyloid in the gastrointestinal tract T. GILAT, M. REVACH, and E. SOHAR ... 98
Permeability characteristics of the cholera-infected small intestine A. H. G. LOVE ... 105
Malignancy and adult coeliac disease W. T. COOKE, H. THOMPSON, and J. ALEXANDER WILLIAMS ... 108
Three-dimensional structure of the rat small intestinal mucosa related to mucosal dynamics
Part I: *Mucosal structure and dynamics in the rat after the administration of methotrexate* ... 112
Part II: *Mucosal structure and dynamics in the lactating rat* ... 116
Part III: *Mucosal structure and dynamics in the rat infested with the nematode* Nippostrongylus brasilienis C. A. LOEHRY and B. CREAMER ... 118
Experimental study of devascularization of the colon ADRIAN MARSTON, R. W. MARCUSON, M. CHAPMAN, and J. F. ARTHUR ... 112
Early diagnosis of ischaemic colitis F. T. DE DOMBAL, D. M. FLETCHER, and R. S. HARRIS ... 121
Inhibition of gastric secretion in man by intestinal fat infusion COLIN W. O. WINDSOR, ROY COCKEL, and MARTIN J. R. LEE ... 131
Influence of hyperaldosteronism upon gastric secretion R. M. BADDELEY, JANICE EVANS, and J. A. GRIFFIN ... 135
Choledochoduodenal fistula complicating chronic duodenal ulcer in Nigerians E. A. LEWIS and S. P. BOHRER ... 143
Geographical distribution of stomach cancer in Czechoslovakia O. GREGOR, R. TOMAN, F. PRUŠOVÁ, V. DRNKOVÁ, and J. PASTOROVÁ ... 146
Present position of the electrical stimulation test H. BURGE, T. B. L. ROBERTS, R. D. STEDEFORD, and M. J. LANCASTER ... 150
New methods of measuring forces in the anal canal C. D. COLLINS, B. H. BROWN, G. E. WHITTAKER, and H. L. DUTHIE ... 155
Techniques
Mounting and storage of gastrocamera films J. R. KIRKPATRICK and R. J. MARSHALL ... 160
Comment ... 164
Notes and activities ... 166

No. 3 MARCH 1969

Signposts ... 169
Selection of the operation for duodenal ulcer NORMAN C. TANNER ... 170
The act of vomiting in man K. LUMSDEN and W. S. HOLDEN ... 173
Effect of dried beans and silicone on intestinal hydrogen and methane production in man D. H. CALLOWAY and S. E. BURROUGHS ... 180
